Proposal/Project Budget

1. Proposal Budget Expenses

Detail estimated proposal expenses in the budget categories listed below. Include only expenses that specifically related to the proposal. You can find a list of non-allowable and match only expenses in the Guidelines. Proposal Budget cash expenses must equal the Proposal Budget income

The expense section contains three columns:

- Grant funds (these are the funds you are requesting from the state)
- Cash Match (theses are earned or contributed funds supplied by your organization
 - In-kind (the value of donated goods and services)

Do not include any non-allowable expenses in the proposal budget.

2. Proposal Budget Income

Detail the expected source of the cash match (middle column) your organization will be using in order to match the state funds (first column) outlined in the expense section. Use the budget categories listed below. Do not include your grant request (first column) or in-kind (third column). Include only income that specifically relates to the proposal. The Proposal Budget income must equal the Proposal Budget cash match in the expenses.
